

Assistive Technology for Executive Functioning

High School students can drop in for an hour session on how to use assistive technology to increase organization, work completion, and ultimately independence. Skills necessary for college and the work place.

Sessions will be held at Lakeshore Speech on Saturdays from 9:30am-10:30am.

Sessions will be led by VernaAnn Kotansky, MA CCC/SLP, Assistive Technology Specialist

Weekly Topics

- **Week 1 (January 19th):** Technologies for time and file management.
- **Week 2 (January 26th):** Technologies to increase access to text. Text to speech, free digital texts,
- **Week 3 (February 9th):** Technologies to increase production of writing - part I. Editing text, speech to text, alternative keyboards.
- **Week 4 (February 16th):** Technologies to increase production of writing - part II. PDF annotation, editing text.

Each participant will need to bring their own laptop or tablet, as well as Google gmail account (school or personal). Each participant will need passwords to Google accounts/iTunes to add free extension and/or apps to device. Access to free wfi will be provided.

The cost of the group is \$30 per session.

Participation in each session must be confirmed by the Wednesday prior to the session.

Minimum of 2 participants per session

You may pay for the entire 4 week session at a reduced rate of \$25 per session.

Personal sessions can be arranged upon request.
